REPORT OF THE COMMITTEE ON EDUCATION.

REPORT OF THE COMMITTEE ON EDUCATION.

The great Chancellor who accompanied the German army on its triumphant march to Paris, paused to examine the School-books of the conquered people, that he might discover the sources of the imperial weakness and national humiliation of France, and he declared, after careful investigation, that falsehood in text-books poisons the fountains of a nation's strength, and is even more destructive to the moral framework of society than the ravages of war. Whether the opinion of the sagacious statesman be true or false, is not within our province to discuss; but the important fact which impressed itself on the mind of that far-seeing man demands our serious consideration, that immorality in the School-house saps the moral strength of a people. If the mind of a statesman be impressed with the indispensable necessity of giving a sound education to a commonwealth, how much more jealous should be every Christian minister to preserve the purity of the children of the Church, who are committed virtually to his guardian protection!

Believing, as the Committee does, that the institutions of learning, under the patronage of this Conference, are the seats of sound morality, as well as of high scholarship, it cannot with too much emphasis urge upon the preachers of this Conference to use their influence in encouraging our people to send their children to our schools and colleges, and also to make an effort to collect for educational purposes, the assessment which is recommended by the Conference. Ten thousand children of Methodist homes, scattered throughout the bounds of this Conference, ought to be trained in schools and colleges; and the hoarded wealth of our people ought to be poured out to sustain our institutions of learning. The demands of society—the fluctuation of politics—the aggressive movements of the Church—the sharp collision between labor and capital, and, beyond all these promptings, the sovereign behest of an enlightened Christian conscience demands, as a solemn duty, that e

parent, every guardian of youth should use his influence in putting every child in the State within the reach of a sound intellectual and moral training. How the heart of every liberally-minded man swells with hope at the opening fields of usefulness which are offered to the Church, and yet how it palpitates with anxiety when he sees untold thousands of wealth lavished on effeminating luxuries, wasted in bankruptcy, or consumed in crime! Is there no way of arresting a wide-spread spirit of maney-getting, or even of diverting a small part of the current of wealth, now flowing into schemes of commercial enterprise, into the channels which carry life and strength to our schools and colleges? Does not a school-house afford a stronger security to a commonwealth, and give a better pledge to posterity, than a banking institution? Dr. Olin observed that no institution of learning could sustain itself without endowment. God hasten the day when those on whom fortune has smiled shall gladly bring a tribute of gratifude for Christ's sake, by offering liberal endowments to Wofford College and the Columbia Female College!

The Committee invite attention to the institutions of learning under the patronage of the Conference.

ronage of the Conference.

I. COKESBURY SCHOOL.

This long-founded institution of learning is still flourishing, with a good patronage and a fair prospect in the future. Professor J. P. Pritchard, the Rector, stands deservedly high among successful instructors of youth. The institution is accessibe, and has a situation salubrious. The Board of Trustees: The Presiding Elder of the Cokesbury District, the preachers in 'parge of the Cokesbury Station, Cokesbury Circuit, Abbeville Station, Greenwood Circuit, and B. Z. Herndon, W. Z. McGee, F. F. Gary, W. A. Moore.

II. COLUMBIA FEMALE COLLEGE.

This institution is in successful operation. There are in attendance one hundred and five pupils, of whom forty-two board in the College. The Faculty is full and efficient. The health of the institution is good. The prospect of the College is encouraging. The President, J. L. Jones, has entered into contract with the Trustees to give twenty dollars to the Board for each boarding pupil over the number of fifty-five. Board of Trustees: T. G. Herbert, E. J. Meynardie, J. A. Porter, A. J. Cauthen, A. J. Stokes, R. P. Franks, H. M. Mood, W. S. Wightman, M. Brown, H. T. Wright, J. P. Southern, J. C. Dial, R. D. Senn, J. A. Elkin, R. H. Jennings, W. T. Cousar, ex officio Presiding Elders and preachers in charge of the Churches in Columbia.

III. WOFFORD COLLEGE.

The report made of this institution, by the President, J. H. Carlisle, LL. D., is of the most gratifying character. There were matriculated 110 students during the year. The College, situated at Spartanburg, is at the centre of a growing influence upon the State, and commands a body of faithful instructors, which should commend the institution to the hearty patronage of the Church. The moral tone of the College is of the highest order. Two revivals during the year have gathered almost the entire body of students into the Church of Christ. The venerable and honored Prof. David Duncan has presented to the College a munificent gift of his valuable classical library of 1,200 volumes, and the Committee would acknowledge the common indebtedness of the Church, and invite the members of this Conference to unite in imploring the benedictions of Heaven upon the generous donor, whose memory, by this legacy, will live fresh and green in the character of our educated young men for generations to come. Board of Trustees: Bishop W. M. Wightman, Revs. H. A. C. Walker, Wm. Martin, W. P. Mouzon, J. T. Wightman, W. C. Power, S. A. Weber, and Messrs. S. Bobo, B. Wofford, G. W. Williams, W. K. Blake, S. M. Rice, D. R. Duncan.

Resolved, 1. That the following disposition be made of the amount which was collected during the past year at the mass-meetings held in behalf of our educational interests, viz: Three hundred and fifty dollars (\$350) be appropriated to the Columbia Female College, and the remainder to Wofford College.

Resolved, 2. That five thousand dollars be appropriated for educational purposes—four thousand to Wofford, and one thousand to Columbia Female College,

REPORT OF COMMITTEE ON BOOKS AND PERIODICALS.

The committee to whom was referred the above subject feel that too great importance cannot be attached to a thoroughly sound religious standard and periodical literature. It is the great demand of the times. It cannot be overrated. The press is the great power of the age. It may be doubted whether the pulpit and platform combined wield a more powerful influence npon the mind of the masses in moulding and shaping and prompting to direct action than the press of the country. It is well-nigh irresistible.

The secret is plain. It is an efficient educator, for weal or woe, that comes to every home and fireside. It does its work in the nursery and elsewhere in the sacred circle of the family. The book, the paper, the tract—these bear the messages of mercy and salvation, or they carry the seeds of evil and of ultimate ruin wherever they go. And this most potent agency in directing and educating the human mind is a silent force. It is as noiseless in its operations, and well nigh as powerful as the law of capillary attraction. It distils error as a deadly poison wherever it goes, and works as an unrecognized power that exists only to destroy. Or, if approved by a sound morality, and commissioned by the spirit of the Christian Scriptures, it is a permanent benediction to society, and is "like the precious ointment upon the head, that ran down upon the beard, even Aaron's beard: that went down to the skirts of his garments as the dew of Hermon, and as the dew of that descended upon the mountains of Zion." The mails of our country carry in their daily rounds thousands and tens of thousands of closely printed pages that embody the germ principle of direct infidelity toward God and His word. Then there are other thousand pages that daily reach our young people which present life in false and misleading colors, and like a powerful magnet draw the unwary into numberless and dangerous snares.

All of this has to be met and neutralized by the literature of the Church.

All of this has to be met and neutralized by the literature of the Church. How great the work! And yet it can be done by the general spread of the truth as embodied in the standard and circulating literature now handled by the several denominations of Christians.

as embodied in the standard and circulating literature now handled by the several denominations of Christians.

It is matter of profound gratitude to God that so much is being done by the Church upon this subject, and that the Church is so well and faithfully represented in the men elected to such positions of responsibility.

Your committee are a unit in the endorsement offered upon our connectional organ, the Nashville Christian Advocate. The paper appears to combine every possible excellency demanded in a first class family newspaper. It is entertaining, fresh, and crisp. It sparkles with the richest and rarest gems of scholarly and well-put utterances. The mind never tires perusing its columns. It is rather a delightful recreation to sit and enjoy its wise and entertaining lessons, it can be read with ease and interest even by our children. There is absolutely nothing dry or tedious in it. Dr. Fitzgerald is a master in tact and management. He knows the wants of the Church, and he is abundant in resources. It should be taken by every preacher and layman in the Church, South.

The news from all points of the Conference bearing upon the tone and management of the Southern Christian Advocate, warrant the statement that the Church receives the weekly visits of a good and valuable paper. The paper grows in the estimation of its readers. The editor furnishes the evidences of industry and painstaking in the department of labor assigned him by his brethren of the Conference, and the verdict of an appreciative public is such as to inspire him with confidence and renewed zeal. The Committee urge the members of the body to unabated interest in the circulation of the paper. It is an undeniable fact that to enlist and hold the support of the preachers in behalf of the Advocate, is an absolute requisite to its enlarged success. Bear this in mind, brethren, and record your interest in this Church enterprise by the number of subscribers from your charge.

The Committee have heard with pleasure of the promise of success rece

given the Southern Quarterly Review, by the election of Rev. T. O. Summers, D. D., as itseditor. It is proper just here and now for the Conference to decide the question as to whether South Carolina Methodism really feels the need of a Quarterly Review of high grade. The language of endorsement should be written in an increased subscription list. To speak at all on this subject is to speak in deed, not in word only. Will the Conference be heard? Let all who can rally at once to the aid of this new enterprise of our General Conference.

Your Committee would offer the following resolution for adoption by the

Resolved, That we have heard with regret of the resignation of the Rev. J. W. Hinton, D. D., late editor of the Southern Quarterly Review, and extend to him the thanks of this Conference for his efforts in connection with the

enterprise.

Resolved, That this Conference pledge its support to Dr. Summers, editor Southern Quarterly Review, and will try and aid in the circulation of this con-

nectional work.

Resolved, That the Conference signify its approval of the various periodicals published in the interest of the Church, especially the Nashville Advocate, the Southern Christian Advocate. and our Sunday-school publications by Dr.

REPORT OF SUNDAY-SCHOOL BOARD.

It is scarcely necessary to discuss at length the value and importance of the Sunday-school. Like the sun in the heavens, it arrests the attention of the most indifferent observer. It is truly wonderful what gracious and far-reaching results have sprung from this department of Christian activity. Thousands of children have been rescued from the blighting influence of homes where the parental example was only evil; a broader culture in divine things has been imparted to the members of the Church; and the ministry has not only had its ranks replenished from the pupils of the Sunday-school, but has been materially aided in its spectal work by the preparative labors of Sunday-school teachers,

It is gratifying to your Board to be able to report an increase of interest on this subject throughout the bounds of our Conference. The statistics for the present year are as follows: Number of schools, 497; number of officers and teachers, 3,041; number of white pupils, 21,947; number of colored pupils, 110; number of volumes in libraries, 17,770.

The Board recommend the adoption of the following resolutions:

1. That, thankful for what the Sunday-school has already accomplished, we continue to exert ourselves to render it still more efficient.

2. That we approve and commend the excellent Sunday-school publications prepared by Dr. Cunningham, and sent iorth by our Publishing House.

3. That we co-operate, as far as possible, with Sunday-school workers of other denominations, in County and State Conventions, for the promotion of this

4. That the preachers on stations be requested to preach to the children once a month, or at least on every fifth Sunday, and the preachers on circuits to do so

as often as practicable.

5. That we organize missionary societies in all our Sunday-schools.
6. That, hereafter, in the month of May, anniversary exercises be held in every charge with the view of furthering Sunday-school interests.

Respectfully submitted,

R. L. HARPER.

REPORT ON BIBLE CAUSE.

The Committee on the Bible Cause beg leave to offer the following resolutions:

1. That the Conference records with pleasure the visit of Rev. Dr. Wiley, Agent of the American Bible Society for North and South Carolina, and that it gives us great satisfaction to hear from him of the successful distribution of God's word to the destitute, white and colored, by the agency of colporteurs.

2. That the Conference urges upon all its ministers the duty of presenting the Bible Cause once a year in all their charges, and of taking up a collection in its behalf; and to this end, it is earnestly recommended, that there be one Sabbath in each year devoted to this fundamental subject.

3. That we would not directly discourage collections in union with other denominations, but recommend that, as far as possible, they be so taken that a proper report can be made at the sessions of the Conference.

Respectfully submitted,

D. J. McMILLAN, Chairman.

REPORT No. 1 ON TEMPERANCE.

Your Committee on Temperance is profoundly impressed with the importance

Your Committee on Temperance is protoundly impressed with the importance of the subject.

While the evil is specific, its effects are general, affecting most vitally the man in his moral character, and in all the relations that he sustains.

The progress of the habit of drink through all its stages, from its incipiency to its terrible consummation in the wreck of character, and in the wreck of immortal life, cannot only be seen in the world, but in the church itself. It is the insidious toe of Christianity.

In modern times it is one of the immense obstructions to the planting and spread of scriptural holiness.

The State proclaims itself helpless, even to protect itself against an evil which it acknowledges to be disastrous to the relations of the citizen.

The problem for the church is to arrest and finally eliminate the evil, not only

it acknowledges to be disastrous to the relations of the citizen.

The problem for the church is to arrest and finally eliminate the evil, not only in its own body, but by its moral power repress its influence upon society. The pulpit is certainly a most powerful instrumentality in this beneficent work. In the Methodist world especially, no pulpit can afford to be voiceless while this unloosed sphinx is devastating our borders. While men and boys are perishing, and dropping into that ruin beyond death, the church should not be silent or inoperative in any of its instrumentalities, nor careless, as to the best methods of instructions and discipline.

The power of an enlightened and sustained public opinion is immeasurable. Public opinion should be concentrated against this colossal evil, and the better create the methods of extirpation.

In this direction, those who habitually stand in the pulpit, exposing evils and pointing out the remedies, cannot avoid the assumption of responsibility.

Resolved, That the South Carolina Conference will the more closely guard the doors of our beloved Zion against the great evil of intemperance, and that we call upon the whole church to awake more fully to the disastrous evil confront-

call upon the whole church to awake more fully to the disastrous evil confrontcall upon the whole church to awake more fully to the disastions over conficulting it in every direction.

Resolved, That we extend to all temperance organizations our most hearty cooperation and earnest prayer.

REPORT No. 2 ON TEMPERANCE.

The Committee to whom was referred the resolutions from the State Temperance Convention, convened in the City of Columbia, beg leave to report: That the document was received at too late an hour to receive special attention by this body, which detention we very much deprecate. Yet we are gratified to state that the principles contained in these resolutions are embodied in the preceding report.

REPORT ON CHURCH EXTENSION.

The Committee, to whom a paper from the South Georgia Conference, on the subject of Church Extension, was referred, beg leave, after careful consideration of the subject before them, to submit the following report:

subject of Church Extension, was referred, beg leave, after careful consideration of the subject before them, to submit the following report:

Your Committee is profoundly impressed that some movement, looking to Church extension, ought to be lnaugurated by the Methodist Episcopal Church, South. Such a movement has been put successfully into practical operation by other Evangelical Churches, and notably by the Wesleyans of Great Britain and Ireland, and the Methodist Episcopal Church of the United States. By Church extension they have aided weak Churches to build houses of worship adapted to the wants of the places where they were respectively located, and have builded others where they were greatly needed, and where the people were too poor to build for themselves. Methodists, and others who have adopted the plan, have greatly enlarged their borders and strengthened themselves in communities where they needed strengthening.

We are satisfied that much has been lost to our Church because a similar plan has not been adopted by us. But something of this work has been done by our Church. It has been done in our mission fields, and, as we are informed, with precious results. Our Missionary Board has expended money in building houses of worship where it has established Missions. In no way, it is said, has money for missionary purposes been appropriated more wisely, and with greater fruit. Indeed, the houses of worship which we have erected in our mission fields were absolutely essential to success.

Now, the same kind of aid which has effected so much in our mission work proper, will do much to build up our Church in many places not properly missionary ground. Besides, too, such aid is especially needed in our own borders, where thousands have been already expended, and thousands more will be expended, to strengthen those who are seeking to supplant us. If the Methodist Episcopal Church, South, awake to the dangers which threaten her, she must awake to the importance of helping her weak, and of building up her waste

been raised for church extension, there the most has been raised for missionary

After careful consideration of the subject submitted to us, your Committee, however, does not deem it advisable to recommend any plan for adoption at this time. But while this is so, we do earnestly advise that the initial step be taken in this movement by the adoption of this report, and by calling attention of our several Annual Conferences and of our General Conference to this report if adopted by this Conference.

All of which is respectfully submitted.

The Committee recommend that a Publishing Committee be appointed by the Conference to publish the Minutes, consisting of the Presiding Elder of the Charleston District, and the preachers stationed in the City of Charleston.

The Committee also recommend the appointment of an Editorial Committee to edit the Minutes, consisting of Revs. Samuel Lander, Wm. C. Power, and

to edit the Minutes, consisting of the state of the same plan in operation the past O. A. Darby.

The Committee further recommend that the same plan in operation the past three years to raise money for publishing Minutes be continued, and that \$500.00 be assessed on the various charges for this purpose.

The Committee cannot close their report without expressing their high appreciation of the labors of Rev. A. M. Chreitzberg, who for ten years has so efficiently edited our Minutes, and feel that he has placed the Conference under lasting obligations to him for the many improvements which he has introduced.

Respectfully submitted.

J. B. TRAYWICK, Chairman.

REPORT OF THE EDITOR AND PUBLISHER OF THE MINUTES,

The Editor and Publisher of the Minutes begs leave to report: Three thousand copies were contracted for, at a cost of \$312.00. The money collected and turned over to Messrs. Walker, Evans & Cogswell was:

For ten years the undersigned has had charge of this publication. It may seem a folly to refuse what may not be proffered; yet he respectfully declines a reappointment to the Editorship. In thus retiring he would suggest the propriety of disconnecting the editorial from the publishing department of the work. One may very readily bestow any amount of clerkly labor, but it is hardly proper to hold the Editor responsible for the contract for printing, and also the finding the ways and means to meet it.

But where is the necessity of an Editor at all? Why may not the Secretaries of the Conference publish the matter coming daily under their supervision?

Respectfully submitted.

A. M. CHREITZBERG.

LEGAL CONFERENCE.

REPORT OF TREASURER.

To the Board of Managers of the Incorporated So. Ca. Annual Conference:

DECEMBER 17, 1879.

DEAR BRETHREN: The Treasurer submits the following report of the financial condition of the several trusts under your direction, together with statements, in detail, of the receipts and disbursements on account of each trust, during the fiscal year closing December 1, 1879.

On the 15th of November last, the Treasurer received from Dr. McFerrin, five hundred dollars, the second instalment of the special bequest of Miss L. Brown, of Flemingsburg, Kentucky. The amount has been deposited in bank, subject to report directions.

to your direction.

to your direction.

As stated in former report, the first instalment of \$500 of this bequest was invested, with your approval, in County Bonds, which bonds are now yielding ten per cent. on the investment.

The Rutledge Fund of \$1,000 which, at the same time, was invested in County Bonds, is also yielding ten per cent. on the investment.

The Spartanburg County Bonds, for which a part of the Charleston City Six Per Cent. Scrip was exchanged, have yielded the present year fourteen per cent. on the investment. The Greenville and Columbia Railroad Bonds, for which the remainder of the scrip was exchanged by Mr. Geo. W. Williams, have yielded no income for the past two years.

Income has also been derived from one bond of \$1,000, and two bonds of \$500 each, of the Charlotte, Columbia and Augusta Railroad Company, and from the rent of the Hayne street Stores, Charleston.

While the amount reported this year for distribution is larger than the amount reported last year, in consequence of an investment of a portion of last year's

While the amount reported this year for distribution is larger than the amount reported last year, in consequence of an investment of a portion of last year's income in new securities, it is less than the amounts respectively reported for the preceding five years. This result is owing to a large falling off of income from the Hayne street Stores, and Bank of Charleston Stock, and the loss of income from the Greenville and Columbia Railroad Bonds. The income from the Hayne street Stores for the years 1874-775-76-77-778, averaged \$476.90-100; for 1879, only \$198.17. For the same years, the Bank of Charleston Stock yielded an average income of \$56.10, and in 1879, nothing.

In the report of last year, the Treasurer informed your Board that the forty-four shares of stock of the People's Bank of Charleston had yielded no income since 1873. He then suggested that if the stock were sold and the proceeds invested in County Bonds, your revenue would be increased some \$40 or \$50 per annum. The market value of the stock was then quoted at \$3 to \$10; it is now quoted at \$6 to \$8 per share.

The accompanying paper, marked A, embraces an itemized statement of the total receipts and disbursements of the past Conference year, and shows a balance in the hands of the Treasurer, for distribution, of \$437.57.

The paper marked B contains statements of the receipts and expenditures on account of the several trusts, respectively, with an exhibit of the credit or debit balance of each trust to December 1, 1879.

Respectfully submitted,

WM. K. BLAKE, Treasurer.

WILLIAMSTON, S. C.

### SESSIONS OPEN FIRST MONDAY IN FEBRUARY AND AUGUST.

Rev. SAMUEL, LANDER, A. M., D. D., President,

With Nine Experienced and Competent Assistants.

# LEADING PECULIARITIES.

I. The One-Study Plan.—During the first five weeks, the Academic Classes recite three times a day in Arithmetic, and once in Spelling; and the Collegiate Classes three times, in either Algebra, Geometry, or Trigonometry, once in Arithmetic and once in Spelling.

The next five weeks are devoted to Natural Science; the next to Languages; and the last to Belles Lettres. After an experience of five Sessions we firmly believe that our labors are fully fifty per cent, more serviceable to our pupils than they were under our former system of crowding several difficult studies on their attention at once.

2. Graduation in Private.—Having become convinced, after extensive experience, that public Commencements involve enormous expense of time, labor, and money, without yielding to pupils, patrons, or teachers corresponding advantages, we have discontinued them in our Institution; and we are highly gratified to find that, contrary to our expectation, this innovation meets with very general favor.

3. Semi-Annual Arrangement.— 1. After each Session of twenty weeks, we give a six weeks' vacation. By the distribution of needed rest, teachers and pupils are refreshed before they become entirely exhausted. 2. New classes are formed in each department twice a year. New pupils can be better classified, and a higher grade of scholarship more easily secured, than on the annual plan.

4. Eight times each Year, at the end of each five weeks' "Session," opportunity of graduation is offered to any one who may have completed the Regular Course, without requiring her to remain in school till the June Commencement season, in order to participate in the public exercises thereof.

5. A Fine Gold Graduation Pin is given instead of a Diploma, if preferred.

6. Premiums.—Every regular pupil whose sessional average is eighty-five per cent., or more, is entitled to a discount of from ten to thirty per cent. from her next Session's regular tuition.
